***NEW Brokers** pay a one-time only Broker application fee of \$200 in order to join the Association. This is an Administration fee to set the company up in the three necessary databases (Local, State and National). Once paid, this is never charged again. The Broker is responsible for paying membership fees each year, in addition to making sure all company agents pay membership fees as it is a requirement to have everyone in each office a member and in good standing with the Association.

Renewing Members (ONLY) can take advantage of the renewal payment plan upon availability.

\$5 Convenience Fee added when using a card.

What is RPAC?

As REALTORS®, we maximize our political power through the REALTORS® Political Action Committee (RPAC). REALTORS® are encouraged to invest a minimum of \$25 (just 7 cents a day) in RPAC to which those funds are used to help elect candidates for public office who share our views on issues that affect our industry and shape our communities. Whether you are a broker-owner or a part-time agent, like it or not, politics directly impacts your profitability. RPAC is the muscle behind NAR, GAR and MSAR. By pooling the resources of over 400,000 politically active REALTORS® nationwide, RPAC allows REALTORS® to maximize their impact on public policy by working to elect pro-REALTOR® candidates. The Metro South Association encourages each member to consider investing in this worthwhile committee that continue to fight for the rights of the REALTOR®.
